RTL Quality Policy

Rykneld Tean Ltd is a leading manufacturer of narrow fabrics within the UK offering fabrics and sewn assemblies to the market.

In accordance with our vision and mission, it is our aim to become a global leader within our industry and provide our customers with textile solutions that meet or exceed their expectations.

To achieve this we will implement mechanisms to:

- Integrate quality management into the business decision making processes from customer enquiry through to the supply of product;
- Comply with the requirements of BS EN ISO 9001: 2015 and the continual improvement of the effectiveness of the quality management system including review of our quality policy and established quality objectives during management review;
- Comply with any statutory or regulatory requirements;
- Provide appropriate training and personal development opportunities to our employees;
- We are a profit conscious company and as such we are committed to challenging the way we work to improve our processes, systems and their implementation and thereby improve our performance for the benefit of our owners, customers and employees;
- Improve our actions to reduce risk and identify opportunities for improvement.

This Policy is maintained by the Management Team and is formulated from our Vision, Mission, Ethics and Values and is available to relevant interested parties on our website or upon request.

Signed. 

R. Wilkinson
Managing Director
